

Dear All,

Please check the following link to see a youtube video of the magnificent protest in Atlanta (USA) against the Fascist war crimes in Ethiopia as well as the Graziani mausoleum:

At the outset, I would like to express the compliments of the Global Alliance for Justice - The Ethiopian Cause to the Ethiopian Community in Atlanta and associated institutions for the highly impressive protest action carried out in front of the CNN building and the Italian Consulate.

It is quite interesting to note that the Honorary Consul-General, H.E. Ms. Angela della Constanza Turner, made such a positive statement including her personal embarrassment by the fact that a mausoleum was installed for a Fascist criminal. She also stated that her view was shared by the Italian embassy diplomats.

The youtube also contains speeches by prominent individuals

from the Atlanta Ethiopian community including: Father Ephraim Kebede of the Ethiopian Orthodox Tewahedo Church; Sheikh Suffi Al-Amin; Mr. Anbessa Hora; and the Ethiopian Community' official: Mr. Teklehaimanot Tassew who read the Association's declaration.

We trust that the Ethiopian Community in Atlanta will continue with its great effort until the justice that is due to the Ethiopian people including the dismantlement of the Graziani is fully achieved.

With thanks and best wishes,

Kidane Alemayehu
