Greetings from Japan.

The Adeyabeba Ethiopia Association (NPO) in Japan is planning to hold demonstration against the injustice and human rights abuse of the EPRDF regime in Ethiopia. This demonstration is part of global outrage against the repressive regime of TPLF. The demonstration will be held in central Tokyo, Japan on June 14, 2012. We are hoping ethiopians in Japan will join us this important event. We will also deliver letter to Japanese officials and international organizations. Therefore, we kindly request you to publish the attached flier (JPEG format) so that ethiopians in japan can have the information and encouraged to join our demonstration.

Kindly yours,
