OPEN LETTER TO THE US MINISTRY OF JUSTICE

THE US SHOULD NOT BE A HAVEN FOR ETHIOPIAN CRIMINALS !

Tedros Bahru, the ill trained but notorious public prosecutor in Ethiopia, who has played a key role in the incarceration of several journalists, peaceful protesters and dissidents under the so called Anti Terrorism Law, is living now normally in Silver Springs (MD) along with his wife.

The butcher of Arba Gugu, where more than a thousand Amharas were brutally massacred, Hassan Ali, has been granted asylum and is living in America. Along with many other Red Terror criminals who can and should be accused of crimes against humanity. Previously, one criminal called Kelbesa was deported and recently another has been sentenced to 22 years but other key figures of the Red Terror call America home.

This is an injustice that must be redressed without any delay. The list of these criminals is available and can be communicated as has been done before.

SOCEPP calls on Ethiopians in the Diaspora to campaign for the immediate arrest of criminals like Tedros Bahru.
